

Valley Creek Images

Bookings

Thank you for considering Valley Creek Images for your special occasion. When you book your appointment, you will be prompted to make your non-refundable deposit of 20%. Valley Creek Images will contact you and confirm your appointment and send you your invoice, which is also your contract agreement for the session.

After your session, Valley Creek Images will edit all the images and place them in your own personal gallery. The editing process may take up to 5 days to complete. You will then receive a notification that your gallery is ready for review and a PIN will be provided to you. You can then log into your gallery, submit your final balance payment and then you will receive a link to download your images for printing. You may also log into your gallery to purchase prints directly from it, however, the digital copies you receive may be taken to any print company you prefer.
